## GENERAL SUMMARY OF DRIVING EXAMINATIONS

Thank you for attending the first International EAME Wakeboard Driving Seminar hosted by the French Waterski Federation.

It was encouraging to see 13 people sit the 4 levels of examination for drivers including a written examination concerning the 2007 EAME rules.

The results of the written paper were good and well received, however a number of people did not fully understand the rule concerning the falls with obstacles, clearly further work was required here.

A number of people did not develop more than the summary distributed the driver's responsibilities.

Martin James is asking all people to attempt a **training session** next year to be able to confirm the level or upgrade to a higher level. (Information will be provide by mail)

If you were not successful in the examinations please do not be discouraged. Thank you all again for attending and we look forwarding to seeing you in 2008. A special thank you to Christine Tuaz, who organized the seminar, was excellent host.

Best wishes and we hope you have a great season.

**Alain Nieles**

Examiner

**Martin James**

Examiner
